How Does it Work?

The **Pleasant Avenue Private Dental Plan** works similar to many dental plans on the market. You pay a monthly membership fee for benefit coverage on your dental expenses. The plan is designed to cover preventive services such as cleanings and oral exams. This provides coverage that can be budgeted at an affordable monthly expense while receiving good benefits for your higher cost dental service.

Who Administers the Plan?

Our office administers the **Pleasant Avenue Private Dental Plan** and works with you, the patient, directly to make all dental service decisions. There is no need to contact a third-party company for information. All questions regarding plan coverage, verification of benefits, changing coverage types, or any other questions should be directed to us here at Pleasant Avenue Dentistry.

How Do I Use a Specialist?

All dental services covered by the **Pleasant Avenue Private Dental Plan** are designed to be done at our office here at Pleasant Avenue Dentistry. We may refer a patient to a specialist who performs other services that the patient may need, which is not covered by the Plan. The office has a complete listing of quality specialists.

Why the Program Works

If asked, most people would agree that decisions about dentistry are best made between the patient and their dentist, without a third-party company's involvement.

The **Pleasant Avenue Private Dental Plan** is different! It has been designed to provide you and your family with affordable preventive dental coverage, your dentist owns and administers.

Not only does the **Pleasant Avenue Private Dental Plan** provide excellent coverage on preventive dentistry, the plan offers good coverage on major dental procedures like fillings, crowns, bridges, and implant abutments.

Since your **Pleasant Avenue Private Dental Plan** is not administered by a third-party insurance company, all the decisions regarding your dental treatment may be decided by you and your dentist - Dr. Jay Jorgenson or Dr. Elise Soulliere, without the need for claim forms, approvals, deductibles, or waiting periods.

A non-surgical periodontal maintenance program is available. Ask us for more information.

We provide mercury-safe dentistry and only utilize biocompatible materials for an ideal restoration. Ask Dr. Jorgenson and Dr. Soulliere what protocols are used for removing amalgams.
